EDUCATION

Indiana University Bloomington – Luddy School of Informatics, Computing, Engineering **May 2028**

Bachelor of Science in Computer Science, Data Science & Machine Learning concentration, Business and Psychology Minors GPA 3.73/4.0

- Hudson and Holland Scholar
- Dean's List Fall '24, Spring '25, Spring '26
- Outstanding Research in Technology & Computing Award

Coursework: Data Structures, Discrete Structures, Statistics, Software Systems, Data Mining, Mobile App Development, Applied Algorithms

TECHNICAL SKILLS

Programming Languages: HTML, CSS, JavaScript, Python, Java, Kotlin, SQL, C, C++, C#

Platforms: Cyberduck, ItelliJIDEA, Microsoft Power BI, AWS, GitHub, Notion, Google GSuite, Microsoft Office, Adobe, Android Studio, Google Cloud, Figma, Tableau, Microsoft Azure, Microsoft Copilot

PROJECTS

Spotify Music Genre Classification | Python, scikit-learn, pandas, Mathplotlib April 2026 - May 2026

- Built a 114-class Random Forest pipeline on 114,000 Spotify tracks, achieving 32.7% cross-validated accuracy - 37× above the random-guessing baseline
- Designed a full Machine Learning evaluation pipeline including stratified 80/20 splits, 5-fold cross-validation, per-class precision/recall/F1 scoring, and confusion matrix analysis across 114 genre categories

JPMorganChase Software Engineering Job Simulation on Forage March 2026

- Implemented transaction validation and persistence logic with Spring Data JPA and an SQL database
- Developed a REST endpoint for querying user balances, returning JSON responses through a Spring controller

Women's Research Hackathon | Team Lead | Bloomington, IN February 2026

- Built a prototype data-tracking tool Analyzed a United Nations dataset to identify global trends in female legislative representation

EXPERIENCE

Indiana University | Undergraduate Research Assistant June 2026 - July 2026

Bloomington, IN

- Developed a methodology for benchmarking LLM responses to folk neuroscience concepts against peer-reviewed scientific evidence
- Compared the epistemic reliability of leading LLMs when responding to questions about dopamine, addiction, and digital well-being
- Identified and adapted an open-source AI video summarization tool, updating a legacy code and dependencies to successfully deploy the application in a current computing environment

Board of Aeons | 105th Board of Aeons April 2026 - Present

Bloomington, IN

- Nominated and confirmed by Indiana University President, Pamela Whitten, to serve on 12-member research and advisory board addressing university wide issues/topics applying to 49,000+ students
- Work with the Office of the President to identify feasible, research based solutions to complex institutional issues

Deloitte & EY | Technology Consulting Awareness Readiness Program January 2026 - March 2026

Bloomington, IN

- Selected for a competitive 3-month program bridging technical implementation with business strategy through case studies
- Applied foundational consulting frameworks, including MECE, Issue Trees, and Porter's Five Forces, to decompose complex technical challenges into structured, manageable workstreams
- Applied Agile and Waterfall project management principles to simulate the deployment lifecycle of enterprise-level technology

Kelley School of Business, Data Science and AI Lab | Undergraduate Research Intern August 2025 - Present

Bloomington, IN

- Supporting an NSF grant-funded research initiative focused on AI-enabled mental health therapist
- Leveraging Supervised Machine Learning to develop a scalable, multilingual AI solution designed to increase global accessibility to mental health resources
- Optimizing a Large Language Model (LLM) by implementing Parameter-Efficient Fine-Tuning (PEFT), LoRA, query rewriting and prompt engineering techniques

LEADERSHIP & COMMUNITY INVOLVEMENTS

Alpha Kappa Alpha Sorority, Incorporated, Tau Chapter | Vice President | Bloomington, IN Nov 2025 - Present

- Appointed by International CEO & President to serve on the International Technology Committee, impacting 390,000+ global members
- Appointed by Regional Director to serve as an Undergraduate Cluster Coordinator, planning conferences for attendees from 8 states
- Selected as a *2026 International Leadership Fellow*, the Sorority's premier and prestigious leadership development initiative

National Society Of Black Engineers, Indiana University Chapter | Vice President | Bloomington, IN April 2025 - Present

- Oversee operational planning and execution for an engineering-focused student organization with 40+ paid members
- Partner with industry-facing companies to support programming aligned with engineering, technology, and career advancement
